

My Studio Workshop

Join me for a 2-3 hour personal session, in my Hedley, BC studio. Using printed or painted paper or fabric (you decide) we work together—each step demonstrated and explained, to make a small art piece.

This workshop is unique, vibrant, & FUN.

I supply all of the materials, taking the stress out of shopping for supplies. Together we work to create a unique piece. Most participants leave with finished work— a joyful experience.

(Framing extra.)

\$95.00 per person, 1-4 participants.
