

# Three Hour Circle Weaving Workshop

Join me for a three hour workshop. Together we will explore various samples of weaving and discuss the supplies necessary. Than we will jump right in and start our 8" circle weaving. You pick the colors and design as we go. No pattern to follow! Fun!

**This workshop is for those with no previous weaving experience. A fun way to create!**

I supply most of the materials, taking the stress out of shopping for supplies. Bring me to your guild or art group, class size 6-12. Teaching fee and supply list available upon request.
